The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating diseases, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials. The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

THE RIGHT TO WORK.

The right of a man to work regardless of his membership in a labor union was sustained by a ruling of the Supreme Court of New Jersey on Wednesday in the suit in which Anthony S. Ruddy, a Newark plumber, claimed \$250 damages because of his discharge from two places of employment because he was a non-union man. The suit was against the United Association of Journeymen Plumbers, Gas Fitters, Steam Fitters, and Steam Fitters' Helpers of the United States and Canada, and William Ryan, a walking delegate. The case was tried in the Newark District Court and judgment was given in favor of Ruddy. The union appealed. Wednesday's decision shows that in both instances of Ruddy's discharge it was because of threats made by Ryan, as the delegate of the union, to the effect that if Ruddy was retained all union plumbers would quit work. The court declares that the purpose of these threats was to impress upon the employer the danger that they would be deprived of their ability to complete their contracts unless Ruddy was discharged.

Rev. Richard W. Trapnell, rector of Christ Church, Bluefield, has declined the call recently extended him to the rectorship of St. Timothy's Church, Haddon.

Sues One-Time Guest.

Pittsburg, Feb. 19.—Residents of Unionville and Onicora, near Butler, are agog over the airing of a suit that threatens to disrupt the homes of some very prominent people of these districts.

Jesse Redick, a young married man of Onicora, is defendant in a suit for \$10,000 damages for alleged alienation of the affections of Mrs. Oora Johnston, wife of H. F. Johnston, a prominent business man of Unionville. He also has been bound over to court in \$500 bail on a charge preferred by Johnston, who alleges the Onicora man had been grossly indiscreet in calling at his home and had been too friendly with Mrs. Johnston.

A story of clandestine meetings in Butler, at the apartments of Mr. Redick, who had been stopping in Butler to look after business interests, mysterious sleigh rides and nocturnal visits to the Johnston house in Unionville, while Mr. Johnston was away on business, composes the testimony of many witnesses before Justice Lytle.

Redick was a guest at the home of Johnston early in January, and it is alleged, then began to make love to Mrs. Johnston, a golden-haired, vivacious woman of 30 and mother of three children. After he left Redick, it is alleged, continued his love-making.

Fifty years' experience of an Old Nurse

Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Twenty-five cents a bottle.

TILLMAN'S CONDITION GRAVE.

Dr. E. F. Pickford, of Washington, who is attending Senator B. R. Tillman in that city, last night issued a bulletin, in which he announced that there were slight indications of improvement in the patient's condition. He added, however, that there had been no considerable change. The senator's right side is almost wholly paralyzed, and aphasia has developed as a result of a cerebral hemorrhage on the left side of the brain. He has nearly lost the power of articulation, and this is regarded by the doctor as the most serious symptom of the South Carolinian's illness.

He may recover from the paralysis, but, in all likelihood, it is said, he never will regain the complete power of speech. This is the second stroke of paralysis to seize the southern senator, the first having occurred nearly two years ago, when he suffered a nervous breakdown. At that time he was treated at an Atlantic sanatorium, and later took a trip to Europe for the benefit of his health.

Late yesterday afternoon Dr. William A. White, superintendent of the Government Hospital for the Insane, was called into consultation with Dr. Pickford. While it was asserted that the senator's mind was fairly alert, and that he was conscious of the happenings of his environment, Dr. White, as a specialist on disorders of the brain, the seat of Mr. Tillman's illness, was asked to make an examination. The verdict of the physicians, after the consultation, was that the senator's condition was serious in the extreme, that the outcome was doubtful and that it would require 72 hours to say whether or not the case would be hopeless. Absolute quiet has been enjoined, and practically nobody except relatives see the patient.

MAY HAVE TO BUY BOXES.

Persons who live in cities and have no mail boxes in front of their residences are liable not to receive any mail at home after June 30, 1911. Certainly they will not if a provision of the post office appropriation bill becomes a law. The provision prohibits any letter car-

rier from delivering any mail at any house unless there is a suitable mail box on the outside to receive it. It means that the government is tired of having its uniformed carriers wait for people to take their time in answering their door bells.

The average mail carrier loses about 30 seconds in ringing each door bell and awaiting response. This provision is expected to increase the efficiency of the service, reduce the number of carriers required and save \$400,000 a year. The vast expenditure by the people of the country which will be required to meet the provisions of this bill in the way of providing new mail boxes is estimated at approximately \$20,000,000. The postoffice appropriation bill this year carries \$239,812,915, an increase of more than \$5,000,000 over the current year's appropriations.

A provision is contained in the bill that the government shall discontinue the printing of the names and addresses of business firms on envelopes.

J. J. Jeffries stated yesterday in San Francisco that he expects to enter the ring against Johnson weighing not more than 215 pounds. He declared that he does not think that the bout will last very long.

PREHISTORIC CITY DISCOVERED. Passengers from Baliz, who arrived at New Orleans, yesterday, report that about 20 miles from the city, on the banks of the Atchafalaya River, has been discovered a large prehistoric city in the district of Paten, Guatemala. The buried city is near Buena Vista, only a few miles from the frontier, but far from any traveled road. The sight is nearly completely hidden by the large trees and underbrush. It is understood that the government of the republic will assist in the excavation.
